

## ***Questions and Answers***

### ***Annual Audit and Tax Services Request for Proposals (RFP)***

**The questions below were submitted by potential respondents to the RFP as instructed. The following information responds to specific questions. Clarifications provided do not bind the Board to further requirements before or after this process.**

In the pdf RFP, Part 3.0, question 7, you ask for the “fees, expenses and other requirements associated with providing audit services.” However, in #5 you are also requesting description of our work plan for completing the 990. Do you want our fees for the tax service as well?

Yes, please provide fees for tax services as well.

In the Word document provided, on Attachment 7, you ask for the “total cost of services proposed” to be specified in detail in bullet 1. In bullet 2, you ask only for audit services. Please clarify which fees you would like to have stated in our proposal.

Yes, fees for audit and tax services both, split out.

Also, do you want the fees for 2021 or for all years?

Apologies for confusion. We are soliciting a quote for 2021.
