Overview and Future Directions

Workforce Solutions Greater Dallas ensures the development and implementation of a system of services that meets employer and job seeker needs while providing economic development opportunities for the community.

WFSDallas is led by a volunteer Board of twenty-five Directors as mandated by the State and Federal law and appointed by the Dallas County Judge and the City of Dallas Mayor.

WFSDallas invests approximately \$90,000,000 annually in workforce supported by government and private funding. These funds provide a broad range of programs to address regional workforce issues with business-led objectives including job training, workplace education, childcare and educational initiatives. The Dallas Region, inclusive of Dallas County and the city of Dallas, includes additional major cities of Garland, Grand Prairie, Irving and Mesquite, as well as, an additional 19 cities with a combined population of 2.5 million.

The DFW Regional Workforce Leadership Council (RWLC) is the driving force for promoting the region's strongest industries. RWLC meets industries' needs through the collaboration of three workforce boards (Dallas County, North Central Texas, and Tarrant County), as well as, partnerships with the three chambers of commerce (Arlington, Dallas Regional, and Fort Worth), key employers and educators. This partnership has identified key industries of growth including: aerospace, logistics, healthcare, infrastructure, technology and retail with WFSDallas serving as industry host for the infrastructure, and retail sectors. Formed in 2002, the long standing collaboration has functioned as the convener and connector for the ongoing development of regional clusters and the mapping of career pathways. By addressing the employment, training and certification needs of the region's industries, RWLC aids in the continued growth and success of the Dallas/Fort Worth workforce ecosystem.
