Workforce Solutions Greater Dallas offers supportive services to assist individuals enrolled in workforce programs to complete program goals. ***This policy has been modified to better assist with work-related equipment, to include technology/Wi-Fi for training access or required for work.*** All costs must be reasonable, necessary and allowable. Procurement processes and documentation must be maintained, as applicable to any purchase. **Changes will appear below in bold.**

#### Policy

- **The Board will provide supportive services to eligible participants. Support services are made available to enable participation in program activities, transition into unsubsidized employment, and employment retention beyond placement. Support services are available to provide work-related equipment to include technology/WI-FI for training access or required for work.**
- WFSDDallas offers a one-time payment of \$200 to assist with work-related supplies and work or interviewing clothing, payment for vocational exams or certifications, or other work related expenses. All costs must be reasonable, necessary and allowable.
- The workforce center staff will individually assess all applicants to identify the supportive service needs at the time of intake on a case by case basis. The workforce center staff maintains individual records of client's needs and amount of payments made in regards to support services. Those applicants with needs that cannot be addressed through the workforce programs will be referred to external community services agencies.
- To be eligible for support services, participants must be actively enrolled within a workforce program, and be in good standing. It is Board policy that support service dollars are provided as "last dollar" support. Support services through the workforce programs will be used as a supplement in meeting the needs of participants rather than duplicate or supplant the services available under normal circumstances through other agencies.

The Supportive Services Policy provides aid when necessary and pending eligibility requirements allows assistance with work-related equipment and/or supplies or interview clothing, payment for vocational exams or certifications or other work-related expenses to include:

- Transportation and transportation related assistance

The supportive services policy also allows for a maximum of \$30.00 for gas vouchers or bus passes per week to each eligible participant. This \$30.00 transportation amount applies to eligible workforce.
